**ELECTRONIC SUBMISSIONS**

We understand it is important for fingerprint- based applicant background checks to be processed quickly, accurately and with as little hassle as possible. Employers, licensing agencies, applicants and public safety depend on it.

To better serve applicants, agencies and employers, the Indiana State Police Records Division (ISP), has partnered with L-1 Identity Solutions to provide a new option in applicant processing. Processing centers are being established throughout the state to take applicant fingerprints and identifying information for electronic submission to ISP for processing.

All processing will be performed by ISP personnel; no criminal history information will be available to L-1.

**Advantages of Electronic Submission**

- Convenient locations for applicants throughout the state
- No messy ink
- Fast response time for employers
- Convenient reporting
- Added security in confirming fingerprints are from individual submitting application

The Indiana Legislature has mandated that fingerprint-based background checks be conducted for paid or volunteer employment or licensing in a wide variety of areas such as child care, health care, licensing, etc.

The present system that requires submission of paper fingerprint cards, although effective, takes several weeks to process. The Indiana's Electronic Fingerprinting Network (INKless) has been implemented to give employers and licensing agencies an option to complete the process in days rather than weeks and in some cases less than one day.

Electronic Submission:

Applicants can go to the secure web site [www.L1enrollment.com](http://www.L1enrollment.com) to book an appointment or call the toll-free L-1 phone number 877-472-6917.
